FEMA PRESENTS *NEW* Flood Insurance Rate Map (FIRM)

August 12th
5:00 pm to 7:00 pm

Redmond City Hall
(Council Chambers)

UPDATED

FEMA Flood Insurance Rate Map

You are being contacted because your property is located in the existing or proposed 100-year floodplain of the Sammamish River as mapped by the Federal Emergency Management Agency (FEMA). FEMA will be conducting an open house providing an opportunity to review the new Flood Insurance Rate Map (FIRM) panels.

Previous FIRMs for the Sammamish River were based largely on information developed in the late 1970s. In 2010 King County and their consultant NHC submitted survey and mapping updates along with revised hydraulic and hydrologic modeling to FEMA. This resulted in refined mapping of the 100-year floodplain. In general, the proposed map updates illustrate a smaller 100-year floodplain within the City of Redmond, however there are a few locations where the mapped floodplain will expand. We encourage you to attend the FEMA Open House.

DATE: August 12
TIME: 5:00 pm—7:00 pm
PLACE: Redmond City Hall (Council Chambers)
CONTACT: Jeff Dendy, Senior Stormwater Engineer
425.556.2890 or jdendy@redmond.gov
