Redmond Pedestrian and Bicycle Advisory Committee

March 14, 2011 6:30 PM City Hall Trestle Room

MEETING AGENDA

1. **Transportation Master Plan Ped & Bike Related Community Involvement:** City staff will provide a status report on the Transportation Master Plan (TMP) Update. In particular, staff would like to get feedback from the Committee on the proposed community involvement approach for the Bicycle and Pedestrian Master Plan portion of the TMP update. The Bicycle and Pedestrian Master Plan is funded by the Healthy Eating Active Living (HEAL) grant the City received from Seattle and King County Public Health. The HEAL grant is funding three walking audits and one bicycling audit as part of the City's efforts to gather input on the plan from the community. This will be done along with other community involvement techniques such as online surveys. Feet First and Cascade Bicycle Club will be helping us with these efforts.
2. **Use of Sharrows in Redmond:** City staff will describe where the City of Redmond currently has sharrows, where the City currently has plans to install additional sharrows and the general guidelines that the City is using when determining where sharrows should be used. One of the resources that is in determining where sharrows are placed is the City's Bicycle Facilities Design Manual. This manual will be reference during the presentation.
3. **Updates:**
    a. Avondale Way Rechannelization
    b. 2010 Sidewalk Program
    c. 2011 Sidewalk Program
4. **Other Business:** Please bring any additional pedestrian and bicycle issues to share and discuss.

Next meeting is proposed for April 11, 2011 – Please let me know if there are any items you would like to see on the agenda.
