SUBJECT: **ACCEPTANCE OF GRANT AWARD FROM PUBLIC HEALTH – SEATTLE AND KING COUNTY FOR CITYWIDE BICYCLE AND PEDESTRIAN MASTER PLANNING AND POLICY CHANGES TO INCREASE ACCESS TO HEALTHY FOODS**

I. RECOMMENDED ACTION:

Approve acceptance of grant funding in the amount of \$71,750 from Public Health – Seattle and King County, to be used to develop a citywide Bicycle and Pedestrian Master Plan, improve nutritional standards in City owned and operated facilities, and develop policies and incentives which encourage consumption of healthy food and/or reduced consumption of unhealthy food.

II. DEPARTMENT CONTACTS:

Bill Campbell, Director of Public Works	425-556-2733
Ron Grant, Assistant Public Works Director/City Engineer	425-556-2742
Joel Pfundt, Principal Planner	425-556-2750

III. DESCRIPTION:

The City has begun the process to update the Transportation Master Plan (TMP) by performing a travel diary survey, beginning a transportation policy review in coordination with the Comprehensive Plan update, and updating the City transportation model. Part of this process will be to update the Pedestrian and Bicycle elements of the TMP.

In order to further leverage, expand and enhance the Pedestrian and Bicycle elements of the TMP City staff was successful in securing additional funding through Public Health – Seattle and King County’s *Healthy Eating, Active Living (HEAL)* program. The purpose of the HEAL program is to prevent obesity by promoting healthy lifestyles through increased physical activity and improved nutrition. HEAL was funded through one-time federal stimulus funds as part of the Centers for Disease Control & Prevention’s

Communities Putting Prevention to Work (CPPW) initiative. These federal grants are intended to support and pay for activities that will produce long-lasting changes and improve the community conditions that harm residents.

The proposed grant funding is intended to address the following outcomes:

Project Outcome 1: City of Redmond has actively supported policy, systems and environmental changes that result in increased mobility on bicycle and foot for the most at risk populations in the City.

Project Outcome 2: City of Redmond has actively supported policy, systems and environmental changes that improve access to healthy food and/or reduced access to unhealthy food, with an emphasis on at risk populations and children.

Project Outcome 3: City of Redmond has actively supported policy, systems and environmental changes that improve nutritional standards in one City owned and operated facility, whose practice can be expanded to all City owned and operated facilities and programs in the future.

Tasks and deliverables associated with these outcomes are described in the scope of work included in Attachment A.

The majority of the funding will be used to address Project Outcome 1. Staff from Public Works, Planning, and Parks and Recreation departments will all play key roles in addressing the project outcomes and have all been involved in developing the project scope. The grant will fund staff time, three walking audits related to the pedestrian master plan update, and technical writing expertise. As a member of the CPPW Coalition of local organizations established by Public Health – Seattle and King County City staff will also have additional resources available, including engineering services through a King County administered consultant agreement to prepare planning level cost estimates for Pedestrian and Bicycle Master Plan related projects.

IV. **IMPACT:**

- A. Service Delivery: This grant will facilitate preparing a more detailed Pedestrian and Bicycle Master Plan and development of policies to improve access to healthy food in the community and at the City.
- B. Fiscal: Acceptance of this grant funding will fund staff and consultant services to develop and improve Pedestrian and Bicycle elements as part of the TMP update and perform policy updates related to promoting access to healthy food in the community.

Funding

Public Health – Seattle and King County Grant

\$71,750

V. ALTERNATIVES:

The City Council could choose not to accept the Public Health – Seattle and King County Grant funding. This would increase the City’s funding requirements or eliminate the planned improvements to the pedestrian and bicycle elements of the TMP and associated initiatives which update City policy to promote access to healthy foods.

VI. TIME CONSTRAINTS:

The grant agreement specifically identifies the funding to be spent in 2010, 2011, and 2012. The funding is not carried over into subsequent years and the project will need to be complete by the end of February 2012.

The Contractor also agrees that it will not enter into a subcontract with a contractor that is debarred, suspended, or proposed for debarment. For more information on suspension and debarment, see Federal Acquisition Regulation 9.4.

VI. **Maintenance of Records/Evaluations and Inspections**

- M. The Contractor shall maintain accounts and records, including personnel, property, financial, and programmatic records and other such records as may be deemed necessary by the County to ensure proper accounting for all Contract funds and compliance with this Contract.

When reference is made in its audit to a "Management Letter" or other correspondence made by the auditor, the Contractor shall provide copies of those communications and the Contractor's response and corrective action plan. Submittal of these documents shall constitute compliance with subsection VIII.A.
- T. If the Contractor, for-profit or non-profit, receives in excess of \$100,000 in funds during its fiscal year from the County, it shall provide a fiscal year financial statement prepared by an independent Certified Public Accountant or Accounting Firm within six (6) months subsequent to the close of the Contractor's fiscal year.
- U. Additional audit or review requirements which may be imposed on the County will be passed on to the Contractor and the Contractor will be required to comply with any such requirements.

IX. **Corrective Action**

If the County determines that a breach of contract has occurred, that is, the Contractor has failed to comply with any terms or conditions of this Contract or the Contractor has failed to provide in any manner the work or services agreed to herein, and if the County deems said breach to warrant corrective action, the following sequential procedure will apply:

- V. The County will notify the Contractor in writing of the nature of the breach;
The Contractor shall respond in writing within three (3) working days of its receipt of such notification, which response shall indicate the steps being taken to correct the specified deficiencies. The corrective action plan shall specify the proposed completion date for bringing the Contract into compliance, which date shall not be more than ten (10) days from the date of the Contractor's response, unless the County, at its sole discretion, specifies in writing an extension in the number of days to complete the corrective actions;
- W. The County will notify the Contractor in writing of the County's determination as to the sufficiency of the Contractor's corrective action plan. The determination of sufficiency of the Contractor's corrective action plan shall be at the sole discretion of the County;
- X. In the event that the Contractor does not respond within the appropriate time with a corrective action plan, or the Contractor's corrective action plan is determined by the County to be insufficient, the County may commence termination of this Contract in whole or in part pursuant to Section II.C.;
- Y. In addition, the County may withhold any payment owed the Contractor or prohibit the Contractor from incurring additional obligations of funds until the County is satisfied that corrective action has been taken or completed; and
- Z. Nothing herein shall be deemed to affect or waive any rights the parties may have pursuant to Section II. Subsections B, C, D, and E.

X. **Dispute Resolution**

The parties shall use their best, good-faith efforts to cooperatively resolve disputes and problems that arise in connection with this Contract. Both parties will make a good faith effort to continue without delay to carry out their respective responsibilities under this Contract while attempting to resolve the dispute under this section.

XI. **Hold Harmless and Indemnification**

- AA. In providing services under this Contract, the Contractor is an independent Contractor, and neither it nor its officers, agents, or employees are employees of the County for any purpose. The Contractor shall be responsible for all federal and/or state tax, industrial insurance, and Social Security liability that may result from the performance of and compensation for these services and shall make no claim of career service or civil service rights which may accrue to a County employee under state or local law.

The County assumes no responsibility for the payment of any compensation, wages, benefits, or taxes, by, or on behalf of the Contractor, its employees, and/or others by reason of this Contract. The Contractor shall protect, indemnify, defend and save harmless the County, its officers, agents, and employees from and against any and all claims, costs, and/or losses whatsoever occurring or resulting from (1) the Contractor's failure to pay any such compensation, wages, benefits, or taxes, and/or (2) the supplying to the Contractor of work, services, materials, or supplies by Contractor employees or other suppliers in connection with or support of the performance of this Contract.
- BB. The Contractor further agrees that it is financially responsible for and will repay the County all indicated amounts following an audit exception which occurs due to the negligence, intentional act, and/or failure, for any reason, to comply with the terms of this Contract by the Contractor, its officers, employees, agents, and/or representatives. This duty to repay the County shall not be diminished or extinguished by the prior termination of the Contract pursuant to the Duration of Contract or the Termination section.
- CC. The Contractor shall protect, defend, indemnify, and save harmless the County, its officers, employees, and agents from any and all costs, claims, judgments, and/or awards of damages, arising out of, or in any way resulting from, the negligent acts or omissions of the Contractor, its officers, employees, subcontractors and/or agents, in its performance and/or non-performance of its obligations under this Contract. The Contractor agrees that its obligations under this

subparagraph extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of its employees or agents. For this purpose, the Contractor, by mutual negotiation, hereby waives, as respects the County only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW. In the event the County incurs any judgment, award, and/or cost arising therefrom including attorneys' fees to enforce the provisions of this article, all such fees, expenses, and costs shall be recoverable from the Contractor.

- DD. The County shall protect, defend, indemnify, and save harmless the Contractor, its officers, employees, and agents from any and all costs, claims, judgments, and/or awards of damages, arising out of, or in any way resulting from, the sole negligent acts or omissions of the County, its officers, employees, and/or agents, in its performance and/or non-performance of its obligations under this Contract. The County agrees that its obligations under this subparagraph extend to any claim, demand, and/or cause of action brought by, or on behalf of, any of its employees or agents. For this purpose, the County, by mutual negotiation, hereby waives, as respects the Contractor only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW. In the event the Contractor incurs any judgment, award, and/or cost arising therefrom including attorneys' fees to enforce the provisions of this article, all such fees, expenses, and costs shall be recoverable from the County.
- EE. Claims shall include, but not be limited to, assertions that use or transfer of software, book, document, report, film, tape, or sound reproduction or material of any kind, delivered hereunder, constitutes an infringement of any copyright, patent, trademark, trade name, and/or otherwise results in unfair trade practice.
- FF. Nothing contained within this provision shall affect and/or alter the application of any other provision contained within this Contract.
- GG. The indemnification, protection, defense and save harmless obligations contained herein shall survive the expiration, abandonment or termination of this Agreement.

XII. **Insurance Requirements**

- HH. As outlined below, by the date of execution of this Contract, the Contractor shall procure and maintain for the duration of this Contract, insurance against claims for injuries to persons or damages to property which may arise from, or in connection with, the performance of work hereunder by the Contractor, its agents, representatives, employees, and/or subcontractors. The costs of such insurance shall be paid by the Contractor or subcontractor. The Contractor may furnish separate certificates of insurance and policy endorsements for each subcontractor as evidence of compliance with the insurance requirements of this Contract. 4. Stop Gap/Employers Liability: Coverage shall be at least as broad as the protection provided by the Workers' Compensation policy Part 2 (Employers Liability) or, in states with monopolistic state funds, the protection provided by the "Stop Gap" endorsement to the general liability policy. Minimum Limit \$1,000,000.

In the event that services delivered pursuant to this Contract either directly or indirectly involve or require professional services, Professional Liability, Errors, and Omissions coverage shall be provided by the Contractor. "Professional Services", for the purpose of this Contract section, shall mean those services that require a professional standard of care. Minimum Limit: \$1,000,000 per claim and in the aggregate.

II. By requiring such minimum insurance, the County shall not be deemed or construed to have assessed the risks that may be applicable to Contractor under this Contract. The Contractor shall assess its own risks and, if it deems appropriate and/or prudent, maintain greater limits and/or broader coverage.

JJ. Nothing contained within these insurance requirements shall be deemed to limit the scope, application and/or limits of the coverage afforded by said policies, which coverage will apply to each insured to the full extent provided by the terms and conditions of the policy(s). Nothing contained within this provision shall affect and/or alter the application of any other provision contained within this Contract.

KK. The Contractor shall furnish the County certificates of insurance and endorsements required by this Contract. Such certificates and endorsements, and renewals thereof, shall be attached as exhibits to the Contract. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. Subcontractor expressly agrees and understands that King County is a third party beneficiary to this Contract and shall have the right to bring an action against subcontractor to enforce the provisions of this paragraph."

- QQ. The Contractor shall implement and carry out the obligations in this Contract regarding equal employment opportunity. The County shall consider the failure to implement and carry out such obligations in good faith as a material breach of the Contract and grounds for withholding payment and/or termination of the Contract and dismissal of the Contractor.
- RR. The Contractor agrees to provide to persons with disabilities access to programs, activities and services provided under the Contract, as required by disability access laws, including Title II of the Americans with Disabilities Act, Title II of the Telecommunications Act of 1934, as amended, and Section 504 of the Rehabilitation Act of 1973, as amended.

XV. **Conflict of Interest**

The Contractor agrees to comply with the provisions of KCC Chapter 3.04. XVI. **Proprietary Rights**

The parties to this Contract hereby mutually agree that if any patentable or copyrightable material or article should result from the work described herein, all rights accruing from such material or article shall be the sole property of the County. The County agrees to and does hereby grant to the

Contractor, irrevocable, nonexclusive, and royalty-free license to use, according to law, any material or article and use any method that may be developed as part of the work under this Contract.

The foregoing products license shall not apply to existing training materials, consulting aids, checklists, and other materials and documents of the Contractor which are modified for use in the performance of this Contract.

The parties agree that this Contract is the complete expression of the terms hereto and any oral or written representations or understandings not incorporated herein are excluded. Both parties recognize that time is of the essence in the performance of the provisions of this Contract. Waiver of any default shall not be deemed to be a waiver of any subsequent default. Waiver or breach of any provision of the Contract shall not be deemed to be a waiver of any other or subsequent breach and shall not be construed to be a modification of the terms of the Contract unless stated to be such through written approval by the County, which shall be attached to the original Contract.

XXI. Contract Amendments

Either party may request changes to this Contract. Proposed changes which are mutually agreed upon shall be incorporated by written amendments to this Contract.

Any time within which a party must take some action shall be computed from the date that the notice is received by said party.

XXIII. Services Provided in Accordance with Law and Rule and Regulation

The Contractor and any subcontractor agree to abide by the laws of the state of Washington, rules and regulations promulgated thereunder, and regulations of the state and federal governments, as applicable, which control disposition of funds granted under this Contract, all of which are incorporated herein by reference.

In the event that there is a conflict between any of the language contained in any exhibit or attachment to this Contract, the language in the Contract shall have control over the language

Deliverable: Work with PHSKC project officer to fill-in program progress tracking tool with project milestones by September 15, 2010.

Deliverable: Meet monthly with PHSKC project officer to discuss progress on project milestones and activities.

Deliverable: Submit 6 quarterly reports and 1 final summary that detail the successes and challenges of implementing the policy/systems/environmental change(s). Deliverable: Complete online reporting on hours worked, amounts spent and other financial tracking data to meet ARRA requirements within five days after the end of each month in the grant period. Work with project officer on any corrections to these reports.

2. Evaluation: The grantee, PHSKC project officer and the CPPW Evaluation Team will work collaboratively to track the implementation of CPPW funded activities, and evaluate policy, systems and environmental changes and expected short-term outcomes. - The grantee will describe the project sufficiently for the evaluator to understand the purpose and proposed change mechanisms of the project. For example, the evaluator and grantee may construct a logic model that captures the project's goals, objectives, activities, timeframe and resources.
- The grantee and CPPW evaluator (with project officer when available) will meet as soon as feasible and no later than 30 days after a scope of work has been finalized to identify and mutually agree upon the evaluation focus and questions as well as reasonable measures and data collection methods.
- The evaluation plan will be finalized within 30 days from this meeting.

Deliverable: Grantees will provide project data that is reasonable to collect using methods and frequency agreed upon in the evaluation plan (for example: participate in interviews, assist in collecting survey data, provide site access to record environmental conditions, complete tracking logs, provide evidence of policy implementation through contracts or other documents).

Deliverable: Grantees will meet at least monthly with PHSKC project officer to discuss progress, challenges and to make adjustments as needed. Grantees will participate in technical assistance opportunities relevant and appropriate to their projects

5. Education Network: The CPPW initiative's ability to produce policy and systems change largely depends on its capacity to effectively mobilize community groups to bring the CPPW perspective to decision makers at appropriate times. PHSKC will develop tools—such as a web-based rapid response system and timely email notification of educational opportunities—to help grantees inform their constituents and partners accordingly. Information methods may include activities such as writing letters or email messages, educating decision-makers and participating in hearings. CPPW funds cannot be used for lobbying, and grantees will receive training to clearly distinguish lobbying from other educational activities.

Deliverable: Grantees will participate in the CPPW Education Network and will use Education Network tools to educate their organization's network of contacts about CPPW policy, systems and environmental change initiatives.

Deliverable: Grantees will identify at least 1 representative to attend a training hosted by PHSKC on lobbying vs. advocacy.

6. Participate in Other Initiative-Wide Activities: Grantees will be expected to participate in occasional initiative-wide activities, such as an annual Prevention Summit and a grantees' network (including periodic meetings).

Deliverable: Grantee will participate in all initiative-wide activities.

7. Communications: All RFP recipient organizations, media contractors, or partners developing communications activities will follow the CPPW Communications Guidelines. The CPPW Communications Team from Public Health will work with contracted media agencies, create a

1. Contractor Shall Comply with Recovery Act Requirements.

The Contractor acknowledges that funding under this Contract is provided in whole or part under the American Recovery and Reinvestment Act of 2009, Public Law 111-5 (the "Recovery Act"). The Recovery Act places great emphasis on accountability and transparency in the use of taxpayer dollars. Among other things, it creates a new Recovery Accountability and Transparency Board and a new website — www.Recovery.gov — to provide information to the public, including access to detailed information on grants and contracts made with Recovery Act funds.

The Contractor agrees to comply with all requirements of the Recovery Act, including but not limited to those requirements that are set forth in this Exhibit.

Recovery Act funds can be used in conjunction with other funding as necessary to complete projects, but tracking and reporting must be separate to meet the reporting requirements of the Recovery Act and related guidance. For projects funded by sources other than the Recovery Act, Contractor must keep separate records for Recovery Act funds and must ensure those records comply with the requirements of the Act.

2. Reporting Requirements - Section 1512 of the Recovery Act.

The Contractor's receipt of funds is contingent on its meeting the reporting requirements of the Recovery Act, Section 1512(c). The Contractor shall provide the County with information and documentation sufficient to enable the County to complete Recovery Act registration and reporting obligations using the online reporting tool available at <http://www.FederalReporting.gov>.

The Contractor shall provide the County with information sufficient to allow for registration with the Central Contractor Registration (CCR) database at www.ccr.gov. This is intended to ensure consistent reporting of data about each entity and make data more useful to the public. In order to register in CCR, a valid Data Universal Numbering System (DUNS) Number is required and shall be included on the cover page or other designated place in this Contract. DUNS number can be obtained at <http://fedgov.dnb.com/webform>

The County may require other information from the Contractor in order to meet the reporting requirements of the Recovery Act and the Communities Putting Prevention to Work (CPPW) grant.

3. Lobbying Prohibited.

Federal law prohibits Contractors and their subcontractors from using federal funds for lobbying Congress or a federal agency, or to influence legislation or appropriations pending before

Congress or any State or local legislature. Any activity designed to influence action in regard to a particular piece of pending legislation would be considered lobbying.

4. Disclosure of Fraud or Misconduct.

Contractors or subcontractors shall promptly refer to the Health and Human Services Office of Inspector General any credible evidence that a principal, employee, agent, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving CPPW funds. The HHS Office of Inspector General can be reached at <http://www.oig.hhs.gov/fraud/hotline>

5. Wage Rate Requirements - Section 1606 of the Recovery Act.

All laborers and mechanics employed by the Contractor and all subcontractors of the Contractor on this project shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code (Davis-Bacon Act). With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan numbered 14 of 1950 (64 Stat. 1267, 5 U.S.C. App.) and section 3145 of title 40 United States Code. See U.S. Department of Labor, Wage and Hour Division website at <http://www.dol.gov/esa/whd/contracts/dbra.htm>. Wage determinations can be found at <http://www.wdol.gov>.

The Contractor shall include this provision and require this provision to be contained in all subcontracts for work performed under this Contract.

The work performed by this Contract may also be subject to the State's prevailing wage laws, Chapter 39.12 RCW. The Contractor is advised to consult with the Washington State Department of Labor and Industries to determine the prevailing wages that must be paid.

6. Protection of Whistleblowers - Section 1553 of the Recovery Act.

A. The Contractor shall post notice of employee rights and remedies for whistleblower protections provided under section 1553 of the Recovery Act.

B. The Contractor shall include the substance of this clause including this paragraph (B) in all subcontracts. The Contractor shall not discharge, demote, or otherwise discriminate against any employee as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee's duties, to the Accountability and Transparency Board, an inspector general, the Comptroller General, a member of Congress, a State or Federal regulatory or law enforcement agency, a person with supervisory authority over the employee (or other person working for the employer who has the authority to investigate, discover or terminate misconduct,) a court or grand jury, the head of a Federal agency, or their representatives information that the employee believes is evidence of:
