Thara Johnson, Associate Planner, 425-556-2470, tmjohnson@redmond.gov

Date: July 27, 2011

File Numbers and Title: L110209, L110210 (SEPA); Green Building and Green Infrastructure Program/DGA

Planning Commission Recommendation: Approval as recommended by Planning Commission

Recommended Action: Adopt an ordinance amending text of the existing Green Infrastructure and Green Incentive Residential program in the Redmond Zoning Code to encourage green building and natural stormwater management. The recommendation updates existing Green Infrastructure Residential program and provides for incentives in non-residential and mixed-use zones within the City through a variety of green building techniques.
