

## Redmond Pedestrian and Bicycle Advisory Committee

January 9, 2012 6:30 PM City Hall Trestle Room

### MEETING AGENDA

1. **2011 Bicycle and Pedestrian Count Report:** The City has been collecting pedestrian and bicycle count data for three years. Recently City staff prepared a report summarizing the results of this data collection effort, which is now available at [www.redmond.gov](http://www.redmond.gov). Patrick McGrath, Transportation Planner, will provide a presentation on the highlights of the report. NOTE: This item was removed from last month's meeting because the Committee ran out of time.
2. **Transportation Master Plan (TMP) Update:** Staff will continue our ongoing updates of the Committee on the current status of the TMP update. The presentation will focus on pedestrian and bicycle project prioritization and the initial 20-year project list for inclusion in the Active Transportation Program. Staff will also provide an update on the remainder of the Pedestrian and Bicycle Master Plan chapter and the schedule for the overall TMP update. We will be looking for comments on the elements of the chapter presented to the Committee.
3. **Updates:**
  - a. Bicycle Friendly Community Silver Recognition
  - b. Feet First Walk Audit Report (attached)
  - c. Project Updates
4. **Other Business:** Please bring any additional pedestrian and bicycle issues to share and discuss.

**Next meeting will be on February 13, 2012 – Please let me know if there are any items you would like to see on the agenda.**
