Guidelines In order to ensure a safe and enjoyable experience for all gardeners, the following guidelines must be observed. As a Juel Park Community Garden participant, I agree to:		
2. Accommod material	ntribute a minimum of 8 hours of time per season to the common areas of the garden and ord those hours as part of the "Service Hours" tracking system. ively garden my assigned plot between March 1 and December 31, 2012, leaving the plot lehed or with a cover crop at the end of the season. This includes removing all dead plant ter, wire, plastic stakes, strings, etc. from my plot by the end of the season. we only vegetables, small fruits, flowers or non-spreading herbs. citice organic gardening only. Not use any pesticides (herbicides, insecticides, etc.) or tobac ducts in the gardening area. I grow any plants prohibited in the garden including those on the Washington State Noxiou ek List, grasses, shrubs, trees and weeds. We within plot boundaries, and use caution with tall plants and structures. This includes not lding any terraces or permanent structures, not painting and not impacting neighboring plowor encroaching on pathways. I would be season. The produce with friends or donate produce to food banks but not sell it for profit. Wide soil improvements, seeds, tools (a limited supply of tools are available to borrow) and or towards my plot. The pathways and common areas around my plot clean and tidy, which includes eliminating eds in the seeding stage. Ways be on site when watering, be aware of sharing water faucets with others (especially we now more gardeners are on site at the same time) and be conscience of using water wisely. The pathways and common areas around my plot clean and tidy, which includes eliminating eds in the seeding stage. The pathways and common areas around my plot clean and tidy, which includes eliminating that the same time) and be conscience of using water wisely. The pathways are on site at the same time) and be conscience of using water wisely. The pathways are not site at the same time) and be conscience of using water wisely. The pathways are not site at the same time) and be conscience of using water wisely. The pathways are not site at the same time) and be conscience of	ts of all hen am
limited su	f Redmond Parks & Recreation Department will provide access to water, use of hoses and ply of tools. Gardeners are responsible for securing any City resources upon completion or not responsible for any vandalism or theft in the garden. If gardeners witness vandalism of call 911.	f use.
	this you agree to the following guidelines. Failure to follow these guidelines or any other es or procedures may result in the loss of your plot with no refund.
