- Electrical, Mechanical and Plumbing permits are issued separately, see appropriate fee schedules.
- **Definition of valuation:** The prevailing fair market value of all labor, materials and equipment, whether actually paid or not.

How to calculate fees:

Step 1: Take total valuation of project and find the range in the Building permit fee table.

Step 2: For applicable plan review fees add Fire, Planning, Public Works fees and 65% of the Building permit fee.

Step 3: Add a 3% Technology Surcharge fee (applied to the total permit fees).

Step 4: Add a \$4.50 State Building Code surcharge.

Please note at time of submittal we collect plan review, planning, public works, fire and technology surcharge fees. At issuance the following fees are paid in full: adjusted plan review fees, permit fee, state building code surcharge, and impact fees.
